

Rodrigo Assis

Junior Cloud Engineer

Email: devrodrigosoares@gmail.com Phone: (24) 998795119  
<https://www.linkedin.com/in/1rodrigoassis/>

I have a good background in QA, where I gained experience in test automation and process optimization. Recently, I have been deepening my knowledge in Cloud and DevOps, exploring Linux, networking, infrastructure automation, and CI/CD. My goal is to transition into a Cloud Engineering role, leveraging my expertise in automation and software quality to build efficient, scalable, and reliable cloud solutions.

PROFESSIONAL OBJECTIVE

Work as a Junior Cloud Engineer, focusing on cloud infrastructure automation, CI/CD, monitoring, and scalable Cloud Computing solutions.

SKILLS

Cloud & DevOps: Azure DevOps, CI/CD, YAML, Datadog, Linux, Azure Pipelines  
Programming & Testing: Power Automate, Python, SQL, Selenium, RestSharp  
Management & Methodologies: Scrum, Kanban, Git, GitHub, Proactivity, Teamwork, Problem-Solving

WORK HISTORY

QA Intern | February 2024 – Current

Thomson Reuters Brasil

- Developed and maintained **automated tests** using **Selenium** and **RestSharp**, ensuring application stability.
- Analyzed performance and software quality metrics**, leveraging **Datadog** for observability and log monitoring.
- Automated internal processes** with **Power Automate**, reducing manual tasks and increasing operational efficiency.
- Planned, designed, and executed manual and exploratory tests to validate new features.
- Worked in **agile squads** using **Scrum** and **Kanban**, managing backlog in **Azure DevOps**.
- Configured and maintained **CI/CD pipelines** in Azure Pipelines.
- Monitored infrastructure in **Azure Portal**, ensuring application availability and performance in non-production environments.

Scholarship Holder | July 2022 – March 2024

Grupo de Educação Tutorial de Sistemas de informação – UFJF

- Planned, designed, and developed a web system for managing visitation tickets for groups and schools.
- Gathered requirements with the client to align system needs.

EDUCATION

Federal University of Juiz de Fora (UFJF) | 2021 – Expected Completion: 2026  
Bachelor’s Degree in Information Systems

LANGUAGES

English

- Intermediate (Reading & Writing)
- Basic (Speaking)

Portuguese – Native
